

# CERTAIN

The Certain Tract (dedicated by Forever Wild resolution as the Certain Nature Preserve and Recreation Area) in Madison County consists of 340 acres that serve as an addition to tracts protected and managed by the Land Trust of Huntsville and North Alabama. The tract has one of the only permanent springs in that portion of the mountain and also supports a small population of rare plants.

The land is managed cooperatively with the City of Huntsville and the local land trust, providing the public with hiking trails and seasonal interpretive programs.

This tract was purchased, in-part, through a financial contribution from the City of Huntsville, the Madison County Commission, the Land Trust of Huntsville and North Alabama and the North Alabama Sierra Club.

Additional information for trails and access can be found at: <http://landtrustna.org/properties/blevins-gap-preserve/>.
